

ANUSHKA A NAIK

Python Django Full Stack Developer

Karwar, Karnataka | +91 6361603196 | anushkanaik0705@gmail.com
LinkedIn: linkedin.com/in/anushka-a-naik | GitHub: github.com/07anushka

PROFESSIONAL SUMMARY

Computer Science Engineering graduate with experience in Full Stack Development and DevOps. Worked as a Full Stack Developer at CodingAI, developing scalable web applications using Python, Django, PostgreSQL, MySQL, and REST APIs. Skilled in backend development, responsive UI design, database optimization, and DevOps tools including Docker, Jenkins, Git, AWS, and CI/CD pipelines. Passionate about building efficient, reliable, and user-focused software solutions.

PROFESSIONAL EXPERIENCE

Full Stack Developer | CodingAI | October 2025 – April 2026 | Remote / India

- Develop scalable full-stack web applications using Python, Django REST Framework, PostgreSQL, and MySQL, delivering responsive and high-performance solutions.
- Build responsive UI components using HTML5, CSS3, and Bootstrap, ensuring modern user experience and seamless frontend-backend connectivity.
- Optimize database performance through schema design, query tuning, indexing, and data migration while maintaining efficient application workflows.
- Contribute to Agile development through code reviews, API testing with Postman, Docker-based deployment workflows, documentation, and cross-functional collaboration across the SDLC.

DevOps Engineer (Intern) | Rooman Technologies – NSDC Internship | December 2024 – May 2025 | Bangalore, Karnataka

- Built CI/CD pipelines using Jenkins, Git, and Docker to automate build, test, and deployment workflows.
- Containerized multi-service applications with Docker and Docker Compose for consistent and efficient deployments.
- Managed Git/GitHub workflows including branching, pull requests, and merge conflict resolution.
- Integrated DevOps practices into software delivery pipelines, improving deployment speed and reliability.
- Worked with AWS, system monitoring, log analysis, and troubleshooting to maintain application stability.

PROJECTS

Animal Vocalization Recognition – ML Audio Classification Model

- Developed an audio classification model using Python, CNN, and MFCC feature extraction to recognize animal vocalizations.
- Used Scikit-learn, NumPy, and Pandas for audio preprocessing, feature engineering, model training, and performance evaluation.
- Enhanced model accuracy through hyperparameter tuning and data augmentation techniques on audio datasets.

GoldenCrumbz – Interactive Baking Learning Platform

- Developed a full-stack Django web application featuring categorized recipes, video tutorials, and OTP-based user authentication.
- Integrated PostgreSQL for data persistence with full CRUD operations and secure content management for admin users.
- Designed a responsive UI using HTML, CSS, and Bootstrap, ensuring cross-device compatibility and smooth user experience.
- Implemented role-based access control to differentiate between admin and general user permissions.

EDUCATION

BE with Honours in Computer Science Engineering (VTU)

Dec 2021- June 2025

- PA College of Engineering, Mangalore
- Academic Topper, Department of CSE (Batch 2025)

CGPA: 9.3/10

Pre University College

June 2019- July 2021

- Mahesh PU College

Percentage: 88%

SSLC (CBSE)

June 2018-April 2019

- Amrita Vidyalayam, Karwar

Percentage: 85%

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript
- **Frameworks:** Django
- **Web Technologies:** HTML5, CSS3, Bootstrap, REST APIs, Responsive Web Design
- **Databases:** PostgreSQL, MySQL, SQL, Django ORM
- **DevOps & Tools:** Git, GitHub, Docker, Jenkins, CI/CD Pipelines
- **Cloud & Testing:** AWS (EC2, S3), Power BI, Postman
- **Core Concepts:** OOPs, Data Structures & Algorithms, CRUD Operations, DBMS, Machine learning basics

NON-TECHNICAL SKILLS

Analytical Thinking | Leadership | Adaptability | Team Collaboration | Time Management | Problem Solving

CERTIFICATIONS & ACHIEVEMENTS

- Python Full Stack Developer Intern – Q-Spiders, Bangalore
- Front-end Development using React.js - IEEE
- Python for Data Science - Infosys Springboard
- Machine Learning with Python - IBM
- Big Data 101 - IBM
- Academic Topper – Department of CSE, PA College of Engineering (Batch 2025)
- State Level Athlete – Sahodaya Games 2017
